HISTORY

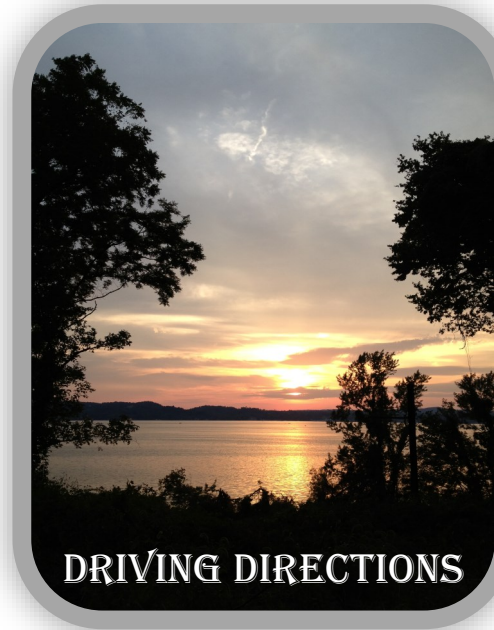

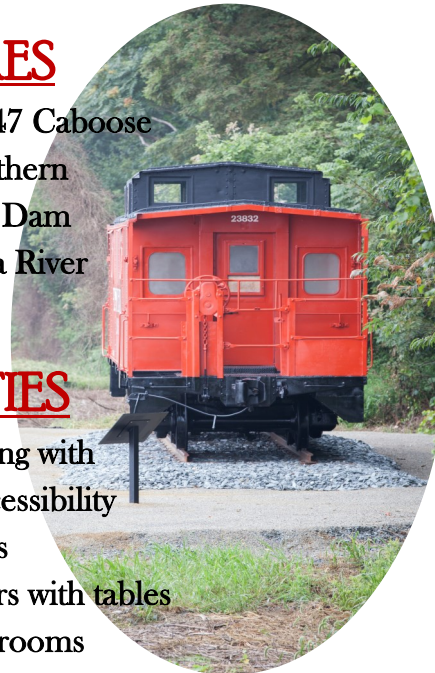

What began as a concept in 2006 has come to fruition with the development of the Enola Low Grade Rail Trail, which runs north of Turkey Hill to the southern Manor Township municipal line and into Conestoga Township. The project was funded by a grant from the Pennsylvania Department of Conservation and Natural Resources, a generous donation from Norfolk Southern and tipping fees from the Lancaster County Solid Waste Management Authority. Purchased in 2012 and completed in 2013, the 5.25 mile trail was built by the Manor Township Public Works Department. The 12 foot wide trail contains four inches of special trail mix creating an ideal surface for walkers, joggers and bicyclists.

"I have to rate the 'Enola Low Grade Rail Trail' a '10+'. I have ridden on many rails to trails and believe this one could be the premier trail in the East Coast."
